IRWIN

Would like to have the wording about leaves taken out of the ordinance and code enforcement. There is still a problem with leaves from other residents gathering at the bottom of the hill, and those residents at the bottom having to clean up after it. The City is still moving forward next year with a map that will cover certain areas of town, which have been identified as problem areas for leaves. These areas will be cleaned up by the City at least twice a year. Irwin thinks that the property owners still have a burden about cleaning these ditches. Especially when the leaves are not coming from the property owner's trees. Motion by Stark The property owners on the approved map for leaf clean up can notify the city that they need help cleaning their ditch for leaves no more than six times a year at the discretion of the Public Works Director and City Administrator, seconded by Irick. Motion passed by a show of hands 7-0-1 Irwin abstaining from the vote.
